

ROBERT RADEV

SKILLS

Ruby on Rails · JavaScript · HTML · CSS ·
React · Git · Ruby · SQL · Figma · Stimulus.js ·
GitHub · Heroku · Jira · Vue.js · Tailwind.CSS ·
Terminal · Bootstrap · Visual Studio Code ·
PostgreSQL · reactjs · Agile · Design Patterns ·
WordPress · Responsive Design Principles ·
UI/UX

PROJECTS

Le Wagon team project - SmartPuppy

www.smartpuppy.tech

- Team lead of 4, I supported every step of the project cycle, focusing on building the back-end functionality using an Object-Oriented Design.
- A web application for job roles in conjunction with a resume builder.
- Project management - Trello.
- Product design - Figma and Excalidraw.
- Database - DB Schema.
- Back-end - Rails, PostgreSQL, Tailwind.CSS, Terminal.
- Front-end - HTML, CSS, JS, Stimulus, Bootstrap.
- Deployment - Heroku.

AirBnB project - Rent-a-Bike

github.com/robbieradev/

- AirBnB-style marketplace for bike rentals. Developed user journeys for buyers and sellers.

STRENGTHS

Adaptability

Versatile and quick to adapt to new roles, challenges, and technologies. Successfully transitioned across various roles and industries, demonstrating resilience and flexibility.

Problem-Solving

Strong analytical skills with a track record of improving process efficiency and solving complex problems. Demonstrated in my software development projects and in my roles at Morgan Stanley, Evelyn Partners, TEDx and Pole to Win UK.

Team Player and Leader

Led a team project during the final weeks of my coding bootcamp, collaborating with classmates to create a functional web application. I have successfully led a TEDx conference consisting of 35+ members.

Communication Skills

Known for excellent communication through the delivery of team projects, communicating changes and delivery needs for projects.

Junior Full Stack Web Developer

+44 7999 215377 @ robbie.radev@gmail.com linkedin.com/in/robertradev
Glasgow, Scotland, UK ☆ <https://github.com/robbieradev>

SUMMARY

Junior Full Stack Web Developer with a strong entrepreneurial spirit and experience in business analysis, project management, and full-stack development. Proficient in Ruby on Rails, JavaScript, React.js, HTML, CSS, Git, and relational databases. Seeking a Full Stack Engineer position to leverage my skills in building innovative products, working on data structures, and contributing to a dynamic environment. Interest in Computer Science fundamentals such as object-oriented design, algorithm design, data structures, problem-solving, complexity analysis, and distributed systems.

EDUCATION

Full Stack Software Development Bootcamp 2024 - 2024
Le Wagon London, England, UK

- Completed a rigorous 3-month full-time coding BootCamp, specialising in full-stack web development: Ruby on Rails, HTML, CSS, JavaScript.
- Team leader, delivering two successful team projects in time and within scope, designing the user story and database, building the core of the projects, devising the back end and delivering the front-end.
- Developed expertise in front-end, back-end, database management, and design.
- Organised socials for cohorts of the Le Wagon academy to boost team morale and build communication and trust amongst members.
- Represented the academy during discussions with the Department of Education.

Bachelor's Degree (Hons) in International Business and Finance

Glasgow Caledonian University Glasgow, Scotland, UK
First Class Honours classification.

EXPERIENCE
